

Vistamare

(VEES-tah-MAH-reh)

Vistamare (sea view) recalls the sense of cheerfulness typical of the sunny days on the Italian coasts! It is a weird name ironically borrowed from the real estate world where the sea view is mentioned as the last luxury detail and the fulfilment of the highest expectations!

Winery CA' MARCANDA, Castagneto Carducci, Upper Maremma, Tuscany.

Appellation Toscana I. G. T.

Varieties Vermentino, Viognier

Vineyards Lying on a sweet hillside overlooking the Tyrrhenian coast, the Vistamare vineyards benefit from the great luminosity and the heady marine breeze.

Winemaking method The two varieties ferment separately, Vermentino in steel vats and Viognier in wood. Then, Vermentino ages for 6 months in steel while Viognier in oak, and finally they are blended.

Characteristics The fresh and herbaceous notes of Vermentino combine with the remarkable complexity and roundness of Viognier. The bouquet is generous with peach, apricot, sage and marine notes, revealing a fresh, rounded and lingering taste in the mouth.

First vintage produced 2009
