

Miguel Merino Viñas Jóvenes 2014

Old vines do not live forever. In order to have access to such special vines in the future as we do today, we needed to start working on younger vineyards as well. In 2007 we planted the vineyard of El Rincon, in the South of Briones. We have also planted some new vineyards which will become part of this wine until the vines are old enough to give us grapes for our Reservas.

 Tempranillo y Graciano (8%).

 16 months in barrels made with American oak staves and French oak bottoms.

 12,192 botellas.
