

Miguel Merino Viñas Jóvenes 2010

Old vines do not live forever. In order to have access to such special vines in the future as we do today, we needed to start working on younger vineyards as well. In 2007 we bought the vineyard of El Rincon, in the South of Briones, planted in 1998. We have also planted some new vineyards which will become part of this wine until the vines are old enough to give us grapes for our Reservas.

Tempranillo and Graciano (8%).

12 months in 72 barrels made with American oak staves and French oak bottoms.

Edition of 20.082 bottles and 762 magnum.
