Coming from a parcel of old Aligoté aged 50 years old located on a noble terroir in the village of Meursault. Manual harvest carried out by the Domaine des Croix teams, native yeasts, vinified and aged for 12 months in foudres, in order to moderate the aromatic impact of the oak, while preserving the brightness and texture of the wine, and thus highlight the character of this acre of vines. This wine is vinified and aged on the estate. Only 5900 bottles produced.

Prolonged aging on lees in foudres gives it the amplitude and texture sought after, but without the oaky contribution. The beautiful acidity testifies to the nobility of the terroir. An Aligoté with an undeniable and obvious character, therefore it is undoubtedly an Aligoté from Meursault!
